engineering

**XZERES Wind: Officially
Chosen by the UK's
Largest Dealer to
Replace Proven
Wind Turbines**

Includes

- Long Set Screws
- Double 8mm Welds

XZERES 442SR Turbine Adapter
Designed For Strength And Durability

**Fits Existing Proven
15m and 25m
Hutchinson Masts**

Take advantage of existing Proven structures with the XZERES Mast Adapter. Upper and lower mount plates allow for easy connection of the XZERES 442SR Wind Turbine to existing foundations once used for the P35-2.

With a foundation and the wiring ready an XZERES Wind Turbine can make a Proven loss profitable again.
